MATH 232: Linear Algebra

MATH 397: Seminar in Mathematical Modeling

AIT Budapest: User Interface Design

Currently a third year at Oberlin College, pursuing a degree in Computer Science. I'm fast, detail oriented, and take pride in creating simple solutions with long term viability. Also self-motivated, friendly and great at catering to customers' needs. Experienced working in teams on large-scale projects with strict deadlines.

Experience

Waiter - SLA Thai

(June 2016-August 2016)

-Waited on customers at the winner of the 2016 New Jersey Critics' Choice award for Southeast Asian/Thai food

-Provided quick, detailed, friendly service to individual customers without neglecting attention to other patrons

-Received several positive reviews on Yelp, describing my service as "very friendly", "sweet and adorable", and "offering plenty of suggestions"

Equipment Assistant- Oberlin College AV Department
(November 2014-Present)

-Assisted in distribution and retrieval of Audiovisual Equipment to and from students, faculty, and staff

-Assessed technical damage to equipment being checked in and out of inventory

-Provided technical support to customers

Activities

Asian American Alliance - Communications Liaison

(Fall 2015- present)

-Correspond with student, faculty, and staff belonging to the Asian community at Oberlin College

-Organize lunches, socials between students and faculty

-Collaborate with student organizations (at Oberlin College and other schools) on joint coalitions/programs
